3. Minutes of the Previous Meeting.

The minutes of the meeting held on 5 November 2007 having been circulated were approved and signed.

4. Matters to Report.

4.1 CAG Meeting 5 November.

The Clerk reported on his attendance at the meeting and stated that over the previous two months the Safer Neighbourhood Teams had had success with the drug problems at Wendling telephone exchange and had identified the persons responsible and had moved them on and gained

significant intelligence. Extra patrols had been out in Dunham and there had been only one criminal damage in the period and the culprits had been moved on. The targeting of Sandy Lane had been successful but there were still areas of concern. The problems had been pinned down to two individuals but the Team was not happy that all has been resolved. Halloween had been a success with 18 extra police and more patrols in Toftwood, Watton Dereham and Swaffham. There had been good public exposure especially with the Team on bicycles, with the Schools, and shops who were requested not to sell eggs and flour to under sixteens. It had been a quiet Halloween for the police and the same procedure would be followed next year. This had been linked with Bonfire night with the Fire Service. The targets for the next two months were agreed as The Maltings Dereham where there are problems of noise drugs, fights, arson and alarms being set off, continued surveillance in Sandy Lane and extra patrols in the town centre leading up to Christmas.

4.2 Breckland Council Local Government Review 20 November.

This had been well attended by Parish and Town Councils. The Leader and Chief Executive of Breckland Council had that morning been to a meeting with the Minister in London to try and obtain some answers. Unfortunately these answers were not forthcoming during the meeting. The proposals from the local councils had to be presented by the end of November but there were no terms of reference for the Boundary Committee and these were unlikely to be available until January. The proposals must come from the whole County not District Councils on their own. Breckland Council is pressing for the status quo but this does not seem to be an option although this may be looked at provided the Councils' proposals show that the cost of implementation of a Unitary Authority is excessive. Each scheme that is costed to provide a viable solution would cost £600,000 and no funding is available from Central Government for this. To change would cost millions of pounds and there is no idea where this funding would come from. Parish Councils may have additional responsibilities for example for the collection of rubbish, lighting and roads and parishes may have to form cluster groups. The downside of this is that the services would be run by amateurs who are unpaid and have no experience.

4.3 Provision of Dog Bins on the Footpath between Manor Drive and Church Street. Neither Peddars Way, who do not own the footpath, nor Breckland Council would provide dog bins. It was agreed to attempt to

identify the culprits and to pass the information to the appropriate authority.

4.4 Litcham Relief in Need Charity.

A copy of a letter sent to the charity had been received regarding the removal of a hedge. The contents were noted. A reply from the Charity stating that the hedge was less than 20 metres long and therefore the regulations do not apply was also noted

4.5 Vandalism in Litcham.

The shed at the rear of the Jubilee Hall had been broken into, a wall pushed over, and the bus sign had been broken down. It was agreed to contact the Homewatch co-ordinators to display their names in the village magazine and to inform them of the problems. The vandalism is possibly due to there being no Youth Club at present.

5. Planning.
